Quick Guide: Building Your First Website on Wix

1. **Getting Started:**

   - Visit www.wix.com
   - Click on "Get Started" and sign up for a free account.

2. **Choosing a Template:**

   - Select "Create New Site."
   - Choose the type of website (e.g., Portfolio, Personal).
   - Browse and select a template that suits your needs.

3. **Editing Your Site:**

   - Click on text boxes to edit content.
   - Use the "Add" button to insert images, text, buttons, etc.
   - Drag and drop elements to rearrange.

4. **Adding Sections:**

   - Use the "+" icon to add new sections like About, Contact, or Services.

5. **Previewing and Publishing:**

   - Click "Preview" to see your site.
   - Click "Publish" to make your site live.
   - Note: Free sites will have a Wix-branded domain (e.g., username.wixsite.com/sitename).

6. **Upgrading (Optional):**

   - Upgrade to connect a custom domain and remove Wix ads.

Tips:

- Keep the design simple and clean.
- Use high-contrast colors for readability.
- Save your work frequently.
